Table: Total Motorcycle Parking Area on Campus

| No. | Parking type              | Total Area (m <sup>2</sup> ) |
|-----|---------------------------|------------------------------|
| 1   | Motorcycle parking area 1 | 1,606.16                     |
| 2   | Motorcycle parking area 2 | 1,493.86                     |
| 3   | Motorcycle parking area 3 | 3,306.93                     |
|     | <b>Total</b>              | <b>6,406.95</b>              |

#### Summary:

**Total Car Parking Area on Campus 10,965.06 m<sup>2</sup>**

**Total Motorcycle Parking Area on Campus 6,406.95 m<sup>2</sup>**

**The total ground parking area on campus is 17,372.01 m<sup>2</sup>**

#### Description:

Songkhla Rajabhat University has a total ground parking area of 17,372.01 m<sup>2</sup>. This consists of 10,965.06 m<sup>2</sup> for car parking areas and 6,406.95 m<sup>2</sup> for motorcycle parking areas. The university has identified and measured eight car parking areas and three motorcycle parking areas across the campus, supported by parking area maps and area measurement evidence.

The total car parking area was calculated from eight designated car parking areas, while the total motorcycle parking area was calculated from three designated motorcycle parking areas. The combined total ground parking area is calculated as follows:

Total Ground Parking Area = Total Car Parking Area + Total Motorcycle Parking Area

Total Ground Parking Area = 10,965.06 m<sup>2</sup> + 6,406.95 m<sup>2</sup>

Total Ground Parking Area = 17,372.01 m<sup>2</sup>

This parking area management supports orderly vehicle control, efficient land use, and sustainable transportation planning. It also provides important baseline data for calculating the parking area ratio and monitoring the university's efforts to limit parking space and reduce private vehicle dependency under the UI GreenMetric Transportation category.
