[5] Transportation (TR)

[5.6] Number of shuttles operated in your university (TR.2)

Electric Shuttle No. 1

Electric Shuttle No. 2

Electric Shuttle No. 3

Electric Shuttle No. 4

Electric Shuttle No. 5

Figure: Songkhla Rajabhat University operates five Electric Shuttles to provide internal transportation services for staff, students, and external visitors who come to the university.

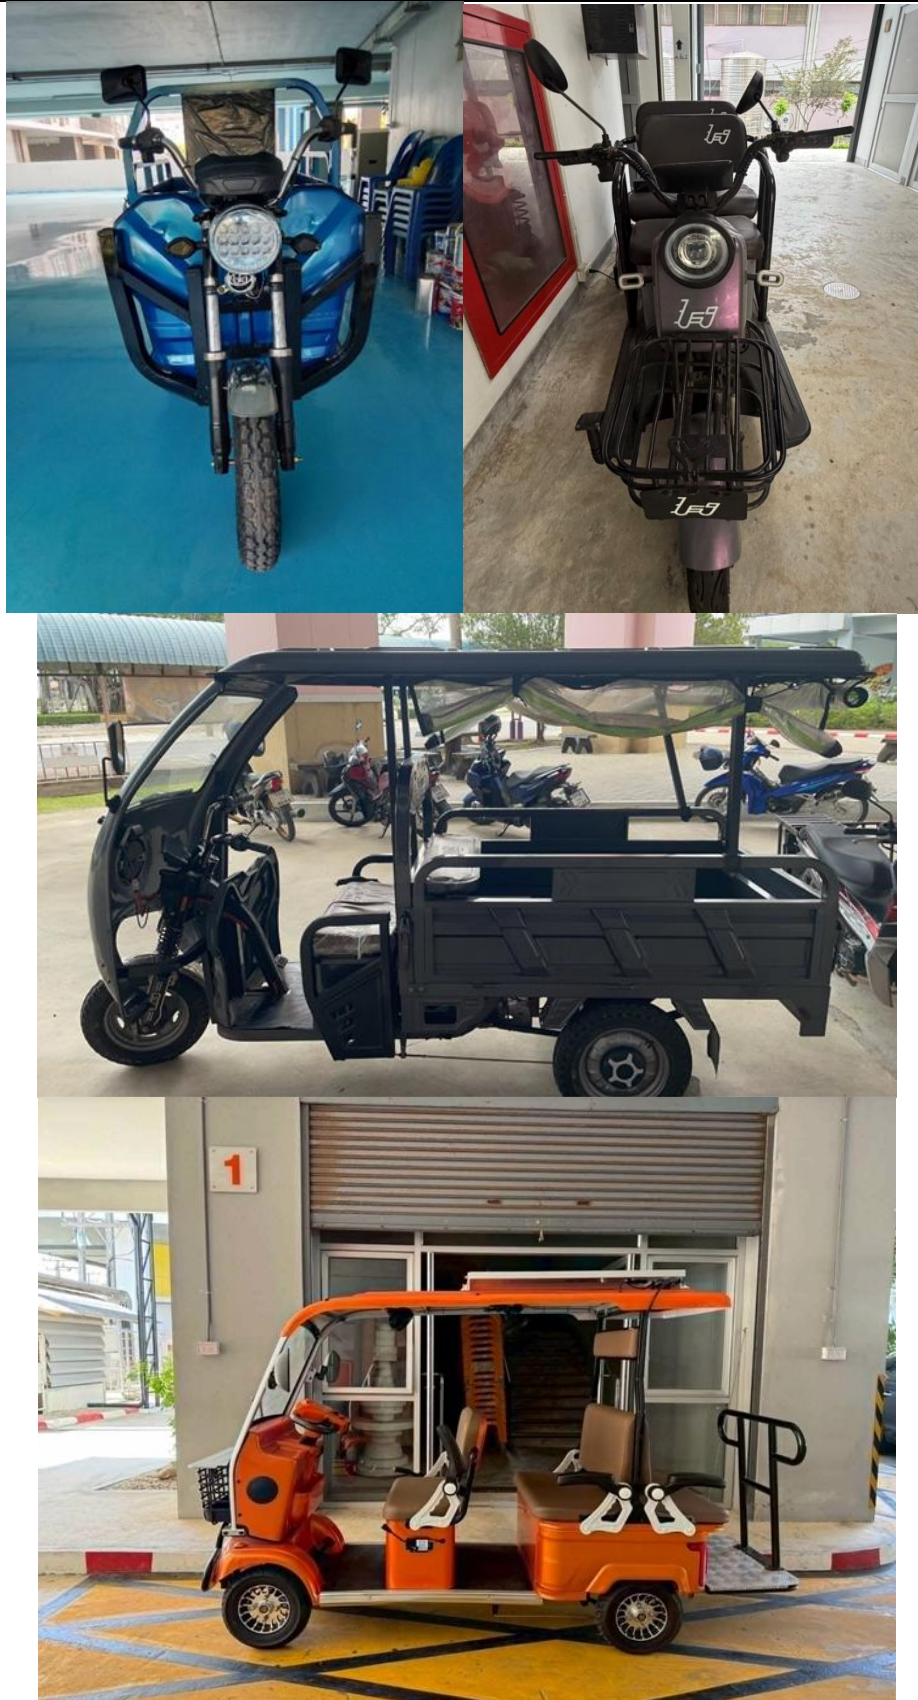

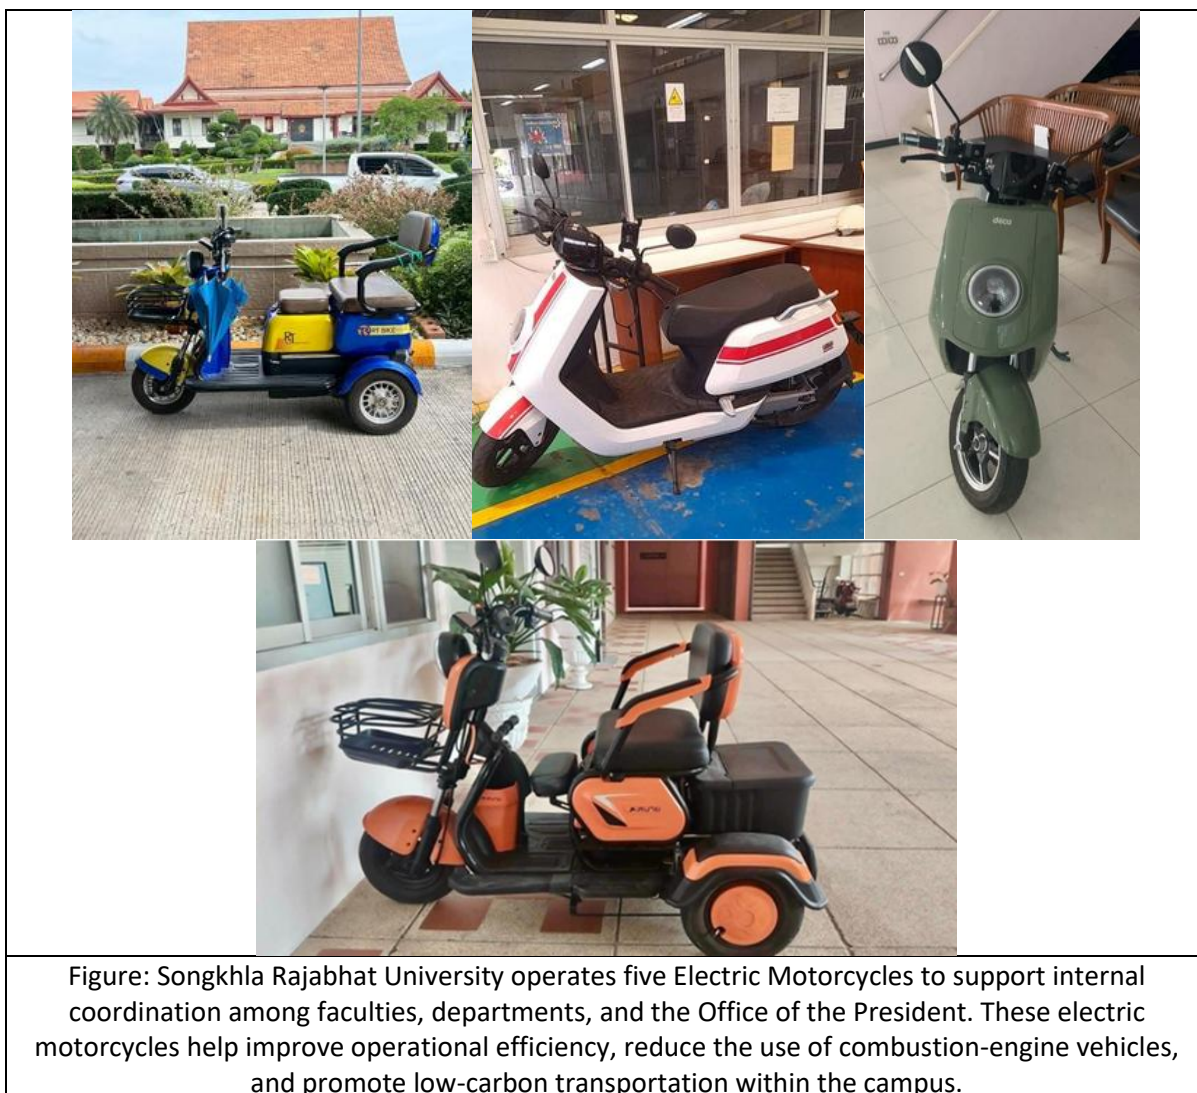

Figure: Songkhla Rajabhat University operates six Electric Golf Carts to support internal mobility and operational activities across various faculties and departments within the university. These vehicles contribute to low-carbon transportation and reduce the use of combustion-engine vehicles on campus.

No.	Vehicle type	Total Number
1	Electric Shuttle	5
2	Electric Golf Cart	6
3	Electric Motorcycle	5
	Total	16

Description:

Songkhla Rajabhat University operates a total of 16 electric vehicles to support internal campus transportation and operational mobility. These vehicles consist of 5 Electric Shuttles, 6 Electric Golf Carts, and 5 Electric Motorcycles.

The 5 Electric Shuttles are used to provide internal transportation services for students, staff, and visitors. The 6 Electric Golf Carts support short-distance mobility and operational activities across faculties and departments. In addition, the 5 Electric Motorcycles are used for internal coordination among faculties, departments, and the Office of the President.

The operation of these electric vehicles helps reduce the use of combustion-engine vehicles, lower fuel consumption, minimize greenhouse gas emissions, and promote low-carbon transportation within the campus. This demonstrates Songkhla Rajabhat University's commitment to sustainable campus mobility under the UI GreenMetric Transportation category.
