Description:

Songkhla Rajabhat University identified academic programs with strong potential to prepare graduates for Green Jobs based on their curriculum objectives and graduate competencies in environmental sustainability, sustainable agriculture, food systems, biotechnology, natural resource management, environmental health, and bio-based industries.

For this assessment, the University reports the number of graduates with Green Jobs from 17 Green Job Potential Programs over the last three academic years. Examples of Green Jobs include Environmental Officer, Sustainability Officer, GIS Specialist, Sustainable Agriculture Specialist, Food Technologist, Biotechnologist, Green Materials Engineer, and Environmental Health Officer.

Graduate information was obtained from the University's Graduate Employment Database. The Office of Academic Affairs and Registration is responsible for maintaining and compiling the graduate employment data.
